Acknowledgments

This report contains data assembled from survey responses from the finance and budget offices of each Maryland county and Baltimore City. Without these county officials' cooperation and hard work, this report's preparation would be impossible. MACo appreciates their assistance, and thanks each of them for their contributions.

Several State agencies also provided information presented herein. MACo thanks the Office of the Comptroller, the State Department of Assessments and Taxation, the Maryland Department of Legislative Services, the State Emergency Number Systems Board, and the Maryland Department of Planning, Data and Product Development for their help and contributions.

MACo would also like to thank the staff of the Department of Legislative Services (DLS). DLS and MACo collaborated to send out one combined survey to make this process easier for all concerned, save time, and eliminate duplicative data collection.

This document was created by the staff of the Maryland Association of Counties in Annapolis, Maryland. Robin Clark served as project coordinator.

MACo strives to maintain the quality and utility of each of its publications. Readers with corrections to the data contained in this document, or suggestions for improvements in the content or presentation of future publications, are invited to contact the Maryland Association of Counties with any comments:

Foreword

The data contained in this publication largely reflects the input received by MACo from county budget and finance officers, through a survey conducted in August of 2016. Throughout the document, data is presented for years up to and including Fiscal Year 2017. Please note that in every case, the data presented for Fiscal Year 2017 is estimated data, based on the best projections at the time of the survey.

FY 2016 figures are the working appropriation at the time the local jurisdiction approved its FY 2017 budget. Actuals will be collected in the FY 2018 survey. Unless otherwise indicated, figures presented for years prior to Fiscal Year 2016 are actual past year data.
